Ion Channels & Cancer Meeting and Calcium Signaling in Cancer
ECS Session
11th-14th of May 2020, Lille, France

- Opening lecture
  Greg Monteith
  University of Queensland, Australia

- Plenary lecture
  Annarosa Arcangeli,
  University of Florence, Italy

- Confirmed speakers
  Stine Pedersen
  University of Copenhagen, Denmark
  Luis Pardo
  Max-Planck-Institute, Germany
  Barbara Ehrlich
  Yale, University, USA
  Albrecht Schwab
  University of Muenster, Germany
  Kevin Foskett
  University of Pennsylvania, USA
  Nobuaki Takahashi
  University of Kyoto, Japan
  Andrea Fleig
  University of Hawaii, USA
  Geert Bultynck
  University of Leuven, Belgium
  Rainer Schindl
  University of Graz, Austria

- Registration

- Sessions

  Ion channels in
  Tumor initiation
  Tumor microenvironment
  Tumor growth
  Metabolism
  Tumor cell migration and invasion
  Anti-cancer therapy resistance
  pH changes in tumor
  Therapeutic targeting
  Calcium signaling in carcinogenesis/ ECS Session

- Organizing committee

  Natalia Prevarskaya (President)
  Dimitra Gkika (Co-president)
  Pauline Jezraoui
  Valério Farfariello
  Loïc Lemonnier
  Halima Ouadid-Ahidouch (Amiens, FR)
  Jan B Parys (Leuven, BE)
